Salmon Run Golf Course Newsletter

August 2019

Hot August Nights

It may not be hot August nights quite yet but we've had our share of warm weather over the past month. July was a whirlwind of activity with tournaments, weddings, Ladies Club match play, increased activity in the Fairway Café, Junior Camp and much more.

One of our goals when we came was to make sure the future of golf was front and center at Salmon Run. To that end, we enlisted Jim Barnes, our PGA Teaching pro. Jim has so much enthusiasm for the game that you can't help but have fun. That's what our Junior golf campers did too—complete with sprinklers on the very hot days. A few of our high school golfers helped Jim with our youngest junior golfers—teaching them to putt, chip, play a couple holes and respect the golf course by fixing their ball marks and putting sand in the divots. Undoubtedly the favorite activity was playing "Poison" as well as the otter pops and sprinkler days. Thanks so much to Jim for spearheading this effort as well as our scholarship donors who made camp possible for many youth.

Tournaments included the Del Norte Boosters Football Tournament with 17 teams competing for a variety of pro-sport jerseys. Everyone had a great time with team #9 taking the honors at 14 under par. Bobby Westbrook, Taylor Westbrook, Bobby Serina, and Gilberto Gonzalez had first pick on the jerseys. The Fairway Café catered the after tournament luncheon with pulled pork, baked beans, pasta salad and brownies.

Three weddings and a reunion also utilized the Occasion Hall where much activity continued. It's great to see the hall being used for a variety of events and tournaments.

We've continued the sprinkler system battle this past month but seem to have a bit of a break recently. There seems to be a correlation between nearby earthquakes and needed repairs.

Have you noticed an increase in play this past month? There is also an uptick in the restaurant and we appreciate everyone who've needed to be patient on check-in or food service. We'll be adding another computer soon to help with check-ins.

On a sad note for EMT—we're losing a key employee this month. Nathan, you've seen him in the pro-shop, maintenance, behind the aerator, cutting pins ... virtually everywhere ... has accepted a new job. We wish him the best and, secretly, hope he'll be back. If you get a chance to wish him well, please do so. He's been a fabulous, dependable employee and we're grateful to have had him.

~Gary & Val
