Salmon Run Golf Course Newsletter

July 2020

## Independence Month

Summer is whizzing by and we are already into the mid-summer nights! The warmer weather has caused a few challenges with the irrigation system but we are working through those and solving more issues. Keeping the course green is always a challenge through the summer months and many people have noticed we have longer rough in some areas. With the elk damage in those areas, and with many of them being in the hazard, we elected to keep them "rough". This is also helping to conserve water.

During June we verticut the greens and then solid tined and sanded. For a few days things were a bit rough but then ... hole-in-one month! Congratulations to all the hole-in-one winners (see side panel). Sorry we didn't get pictures of everyone but be sure to congratulate them if you see them on the course. In addition, member Bret Curtis went to Bandon Dunes to play the newly opened Sheep Ranch. He scored the first hole-in-one on #7 for the Sheep Ranch. Congrats to Bret.

Business League kicked off (finally) about a month late but we're happy to have all the teams participating. Eleven businesses put up teams and we'll keep the standings in the newsletters as well as posted in the clubhouse. If you are in those businesses be sure to thank them for their support of Salmon Run.

**HOME & HOME:** Bandon Crossings and Salmon Run are hosting a Home and Home tournament July 16 (at Crossings) and July 23 at Salmon Run. Get a partner together for this best ball tourney and join the fun. For more details or to sign up please give the clubhouse a call. This is open to anyone who plays at either course. We'd like you to be able to play both days but if you have someone else who can play for you on one or the other day then we'll work it out.

We have been doing quite a bit of course maintenance on Monday mornings so we will be opening tee times a bit later to give our maintenance crew time to run through the front nine prior to golfers landing on the greens. This enables many critical maintenance and has become standard practice for many courses to allow their workers time before dodging golf balls. We have a few new faces in maintenance so please be sure they see you if you are hitting toward them. Many times they are concentrating on a "line" - making the course more beautiful.

We have managed to have a few small events that comply with the social distancing. Throughout the rest of the summer we will continue this. However, today (July 1st) marks the beginning of mandatory face coverings in public indoor spaces. Please help us comply by wearing a mask, scarf, napkin, handkerchief over your mouth and nose when entering the clubhouse. If you are headed to the restaurant you can remove the coverings once you are seated. If you have breathing problems there are exceptions to this mandate. Children under 12 are also exempted but still recommended. We will remind you when you enter (if you don't have a mask) but will not ask why if you aren't wearing one. Thanks .... Gary & Val

### Hole-In-One Club

June 12—**Bob Almada**—Hole #4 Green Tees

June 14—**Don Stiles**—Hole #15 Green Tees

June 16—**Martin Mott**—Hole #4 Green Tees

June 25—**Sue Ryan** Hole #4 Green Tees (pictured below)

## DEALS!!

**July DEALS—What's the catch? Must mention newsletter!**

**Tricky Tuesday—Super Twilight—5 PM green fees (9 holes with shared cart) \$20 Carts in by 8 PM**

**Star Spangled Weekend—July 3—July 5: Senior rate starting at 9 AM. Be sure to ask for it!**

**Keep track of us on Instagram & Facebook for more specials.**

## Junior Camp

Jim Barnes and the high school golfers are ready to teach your junior golfers! Call the clubhouse and get signed up now.

**Junior Camp:** Session 2: July 13-17

Session 3: July 27-31

**REWARD \$\$\$**—For information leading to the responsible party who put a cart in the creek. Several people have put up money to help find whoever did this on the afternoon/evening of June 23. If you have information you can give it and your name will be kept confidential. It is disheartening to know someone may have intentionally pushed this cart into the creek. No one reported any problems or that they had an accident with a cart so we can only assume it went over on purpose. We discovered the cart the following day and were able to remove it. It has been repaired (as well as possible) but is not longer useable. Perhaps you've seen it on display near the clubhouse. We appreciate any help.

## Upcoming Events

**July 3-4—Reunion—CANCELLED**

**July 11—BHEF Tournament—CANCELLED**

**July 13-17—Junior Camp session 2**

**July 17—Wedding reception in Occasion Hall**

**July 27—31—Junior Camp session 3**

**August 1—Bruin Gridiron Classic Tournament**
